

## IMPORTANT DISCLAIMER

Welcome to Musgrave Rifles, dedicated to exquisite wooden rifle stocks! Before you embark on exploring our rifle collection, we would like to draw your attention to some essential points that you should be aware of:

**Natural Variations:** As you navigate through our wooden rifle stocks, it is crucial to understand that wood, being a natural material, possesses inherent variations in color, grain pattern, and texture. Just like fingerprints, no two wooden rifle stocks will be identical. These distinctive characteristics add to the unique charm and authenticity of each individual piece.

**Enhanced Photography:** Please note that the images displayed on our website have been captured using professional photography equipment and lighting techniques. These enhancements are employed to showcase the intricate beauty of the wood and its inherent qualities. The actual appearance of the wooden rifle stock you receive may vary slightly from the images presented on the website due to differences in individual monitor settings and ambient lighting conditions.

**Handcrafted Nature:** Our wooden rifle stocks are lovingly handcrafted by skilled artisans who take immense pride in their work. This artisanal approach ensures the highest level of quality and attention to detail in each piece. However, it also means that minor variations in dimensions and finishing may be present, showcasing the authenticity of a truly artisanal creation.

**Wood as a Natural Material:** Wood is a living, organic material that can be influenced by external factors such as humidity and temperature. While our wooden rifle stocks are carefully selected and processed to minimize potential effects, slight shifts in appearance may occur over time as the wood responds to its environment. This only adds to the unique character of your rifle stock.

**Compatibility and Safety:** When purchasing a wooden rifle stock from our retail outlets, please ensure that it is compatible with your specific rifle model. Additionally, for safety reasons, we strongly recommend having a qualified gunsmith install the wooden stock onto your firearm.

By proceeding to explore our exquisite collection of wooden rifle stocks, you acknowledge that you have read and understood the above disclaimer. We are committed to providing you with the highest level of service and satisfaction, and we are confident that you will find the perfect wooden rifle stock that matches your discerning taste.

If you have any further queries or require assistance, our dedicated customer support team is here to help. Happy browsing and thank you for choosing our wooden rifle stocks!

*Yours faithfully, Musgrave Rifles*
